YES!!! I had a hard time getting him to stop griping about how awful EPA was in 2006. He is totally stuck on that experience...

I want to have a download conversation with you. Eric was VERY pessimistic about EPA. Seems chuck called John Kneas and said EPA can't be flexible on the PPA, and he told Eric, now Eric feels blindsided by EPA, and all his hard feelings from 2006 are boiling at the surface.

Whatever. I talked him off the ledge, but wanted to get facts from you. Relationships are SO important...

Thanks Eric.

We should get moving forward on our Panelyte acquisition strategy. Have you filled out a draft request that I can discuss with the Land bank? If the city knows exactly how they want to fill out the request and what \$\$ amount they want to offer, that would be great. I can then talk with Jeff Huntington before we proceed. What are your thoughts on this?

All,

In talking with Michael we don't have a clear agenda for our meeting on 3/11. We still see value in meeting but thought it may be prudent to change our venue to Kalamazoo and just meet at one of the City offices.

Eric, can you secure a meeting location in Kzoo for 3/11? Let's still plan on starting at 9 EST, but we should be done by lunch.

Let me know your thoughts. Once we agree and I get a confirmation from Eric that we have a meeting place, I will modify our Outlook meeting notice.

Please advise.

Paul
